DETAILED ACTION

Note: This office action is in response to Amendment after final 02/03/2005.

Response to Amendment

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 1-22 are rejected under 35 U.S.C. 102(e) as being anticipated by Middleman et al. (U.S. 5,720,754).

As to claims 1, 4, 14, and 16, note in figures 3-3 to 3-5, a tubular member (10), wherein a filter (22) removably inserted through the lumen (20) of the tubular member (10), wherein an axis of the filter (22) extending perpendicular to an axis of the tubular member (10); wherein the filter (10) having an apex and an opening (38), the apex of the filter (10) is distal the opening (38); and a shaft (18) disposed within the tubular member (10), wherein said filter which includes an expansion frame (36) mounted on the distal end of said shaft (18).

Response to Arguments

2. Applicant's arguments, see Amendment after final, filed 02/03/2005, with respect to the rejection(s) of claim(s) 1-22 under Miller et al '626 have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of Middleman et al. (U.S. 5,720,754).

Conclusion

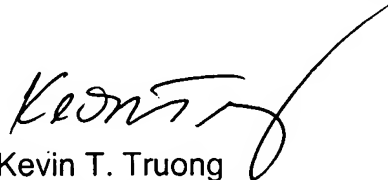

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
